

# Traffic, Dear Mr. Fantasy

Yesterday I was a young boy  
Searching for my way  
Not knowing what I wanted  
Living life from day to day  
'Till you came along  
There was nothing but an empty space and a pain  
Feels like Coloured Rain  
Tastes like Coloured Rain  
Bring on Coloured Rain  
Yeah!  
I can see a sail of changing  
Filling with surprise  
United with a feeling  
Bringing love into my eyes  
Till you came along  
there was nothing but an empty space and a pain
