Travis Scott, goosebumps (ft. Kendrick Lamar)

I get those Goosebumps every time
You come around
You ease my mind
You make everything feel fine
Worry about those condoms
I'm way too numb
It's way too dumb
I get those Goosebumps every time
I need the Heimlich
Throw that to the side
I get those Goosebumps every time
When you come around
When you Throw that to the side
I get those Goosebumps every time
