

# Travis Scott, HIGHEST IN THE ROOM

I got room, my fume  
she fill my mind up whit ideas  
I 'm the highest in the room  
hope I make it out of here

she saw my eyes  
she know I am gone  
I've seen some things  
that you might fear  
"I'M doing a show  
I will be back soon"  
that ain't what she wanna hear

now I got her in my room  
legs wrapped around my beard  
got the fastest car, it zoom  
hope I make it out of here

when I'm whit you, I feel alive  
you say you love me, don't you lie  
don't cut my heart, don't wanna die  
keep the pistol on my side

case it's fume  
she fill my mind up whit ideas  
I 'm the highest in the room  
hope I make it out of here

she an't stressin' abput the loot  
my block made a case, is real  
this not ythe Molly, this the boof  
ain't no comin' back form here

lived a life, a life of million  
it's so much gang  
that I can't see ya  
turn it up, till they can't hear runnin' runnin'  
'round for the thrill

dawg, dawg  
'round my real raw, raw  
I been goin' to the rear  
nah /3x  
they not back of the VIP  
gorgeous, baby, keep me hard as steel

this my lif  
I did not choose  
been on this since we was kids  
gon' say one  
time we break the rules  
might fill my mind up whit ideas

case it's fume  
she fill my mind up whit ideas  
I 'm the highest in the room  
hope I make it out of here
