

Tribuzy, Agressive

Aggressive

I can see my future will repeat the past
We are living in a real game
We are digging our graves and we are digging it fast
We lived our lives without a name

Chain of fear feel the shiver
This is the beginning of our game
Make the fear create the shiver
This is only way to escape

(Chorus)
Aggressive
They will make a hole between your eyes
Aggressive
They'll suck all that's in your mind
Aggressive
Hahaha. Can you deny?
Aggressive
One day we'll also be aggressive

The planet's gonna die over our heads
But they fight for the money
The north pole is melting and nature is ending
And a lot of people are dying from hunger

Chain of fear feel the shiver
This is the beginning of our game
Make the fear create the shiver
This is only way to escape

(Chorus)
Aggressive
They will make a hole between your eyes
Aggressive
They'll suck all that's in your mind
Aggressive
Hahaha. Can you deny?
Aggressive
One day we'll also be aggressive

Chain of fear feel the shiver
This is the beginning of our game
Make the fear create the shiver
This is only way to escape

(Chorus)
Aggressive
They will make a hole between your eyes
Aggressive
They'll suck all that's in your mind
Aggressive
Hahaha. Can you deny?
Aggressive
One day we'll also be aggressive

Aggressive
We'll wait for the rain to fall
Aggressive
To clean the blood that is on us all
Aggressive
While we pray kneeling in the corn
Aggressive
One day we'll also...be...aggressive
