

# Trick Pony, On A Night Like This

(Karen Staley/Doug Kahan)

Now when I was a young girl  
My dad warned me about the opposite sex  
He'd say, yeah, that's just what you need  
Some crazy boy with wild ideas  
You know what always happens next

I tried to heed his advice  
Now I'm thinkin' it sounds kinda nice

It's just what I need on a night like this  
A long walk in the dark, someone I can't resist  
A little rendezvous, a little mystery  
When I look at you I think that's just what I need

Now my momma told me in this dog-eat-dog world  
You gotta work harder than a man  
She'd say, yeah that's just what you need  
Some romance book Romeo callin' you at work and messin' up your plans

Night falls, I slow down

I start dreamin' of you comin' around

It's just what I need on a night like this  
A long walk in the dark, someone I can't resist  
A little rendezvous, a little mystery  
When I look at you I think that's just what I need

Moonlight, sweet bliss  
Melting with every kiss  
Dancin' real slow  
When you hold me close I know

It's just what I need on a night like this  
A long walk in the dark, someone I can't resist  
A little rendezvous, a little mystery  
When I look at you I think that's just what I need

Just what I need  
Just what I need  
Oh yeah
