

Tricky, Bury In The Evidence

Bury in the evidence

Tricky:

(Hawkman in the background)

I can picture it now

You in your car

Left the bar

Playing Big Part

Keep up complainin'

It's probably rainin'

Keeping complaining

It's probably raining

You're gonna visit your car

It's one of my peeps

With a blow to your head

Is that what you need

You're probably bleeding

Is that what you needed

You're probably bleeding

Just like a movie

Just like a movie

Just like a movie

Life doesn't move me

Life doesn't move me

I keep with you now

Here in your car

Left the bar

Playing the Big Part

Keeping complaining

It's probably raining

It's one of my peeps

With a blow to your head

Is that what you needed

What you needed

What you needed

You caught me breathing

It's just like a movie

Life's just like a movie

It's like a movie

Just like a movie

It doesn't move me

Move me

Move me

It doesn't move me

Life doesn't move

It doesn't move me

Move me

It's like a blow to the head

It's like a blow to my head

It doesn't move me

Move me

Move me

Move me

It doesn't move me

It's like a movie

Just like a movie

Blow to the head

Life's like a blow to the head

What you needed what you needed what you needed

Life's like a blow to the head

It's that what you needed

Is that what you needed

What you needed

A blow to the head

Move Me

Move me
It doesn't move
It doesn't move
It's like a movie
Movie Movie
Just like a movie
It doesn't move me
It's like a movie
