(marshall, vowles, del naja, badarou, thaws)

Shara Nelson

I quietly observe standing in my space

Daydreaming

I quietly observe standing in my space

Daydreaming

3D

Way that we say 'em in style that we raid 'em in

Massive attack we keep it strong just like a vitamin

Going for the positive wiping out the negative songs

'Cause brother it's relative

The ??? is pickup all the lyrics on the dancefloor

To raise your spirit level cause it demands more

Tricky

Attitude is cool degrees below zero

Up against the wall behaving like deniro

Tricky's performing taking his photo

Make him stand with a tan touch it like cocoa

Smooth keep it moving at the back now

Free as the needle that's movnig through the track now

3D

Hands keep the drummer's beats we need new sticks

Dance around the vibes like acoustics

No drugs or pharmaceuticals for the body ain't suitable

Stick with liquid me and trick we drop

The paper that you ??? lick with

Tricky trouble and strife ain't no sunshine in my life

Wiseguys get protection when they carry a knife

They shouldn't have been born they're making me yawn

But I just take it easy it's a sunday morning

3D

So you come ???

Together we'll grow forever watch my ak rig go

Daddy G

Because my ak rig goes boom boom

My ak rig goes boom

3D

Yeah rhymin' the jam and uh we got the stamina

Cause you never know it's like we don't give a damn and uh

And it's ??? to keep your distance

Resist and the posse gets the pressure of this dance

The cool breeze that you welcome in the heat

You don't see it but you feel it when it's blowing on the street

Tricky

If i was a rich man

Daddy G

Da da dada

Tricky

I quietly observe standing in my space

It's the devious days they call the rat race

It's a concrete jungle, evil in the town

Weebles, wobble, occasional squabble

But we're happy when the bomb drops

Down

3D

Don't make sound

'Cause the dancefloor's a desert

And the dancers are parched

Do a rain dance and you brace through a marsh

My heavy my brother get lighter than helium

Float above the world to break the tedium

Living in my headphones soul is what i say to 'em

The surreal boom of the budokan stadium

Well i'm floating on air when i'm daydreaming  
I quietly observe standing in my space  
Tricky  
Well i'm tricky kid don't deal with sadness  
Can't be with the one i love i love the one that i miss  
I'm very down to earth but brain sits on top floor  
Don't need another lover just need, i'm insecure  
3D  
The weather is a-changin' the storms be shakin  
The love that you make is equal to the love you're makin  
Here comes the sun little darlin here comes the sun  
It's alright  
Tricky  
Yes tricky kid i check my situation  
Naggy this maggy that maggy means inflation  
Hip-hop you don't stop cause i'm not sloppy  
I like the beat so we need another copy  
3D  
We're natives of the massive territory and i'm proud  
Getting peaceful in the desert that the glory and the crowd  
The problem ain't a different kind of skin tricks  
I love my neighbor and i ??? the olympics  
See you a hooligan you try to play the fool again  
Tricky  
Caught you in the lost and found  
3D  
When your posse weren't around  
Tricky  
No crowd  
3D  
So you're going for you tool again
