Piano

to the noose  
to the neck  
to the boost  
to the check  
to the micic  
to the psychic  
to the circuit  
to the games pays to blame  
to the freedom  
make it rain  
make it sane  
make it dance  
not a chance  
see her run  
see her come  
take me cunning  
she's dark-eyed  
never saw, never saw  
she's lifelike  
to the heartbeat  
can't feel the heartbeat  
to the flowers  
to the bunches  
to the lunches  
to the punches  
(repeat above)  
to the good  
to the clean  
and i'll be you're ugly  
to the occasion  
to the lie  
kiss beneath  
bridge of sighs  
not some moaning  
until they homing  
and they spoil it all  
(repeat all above)  
not some moaning  
until they homing  
not some moaning  
until they homing  
to the good  
to the clean  
and i'll be you're ugly  
to the occasion  
to the lie  
kiss beneath  
bridge of sighs  
not some moaning  
until they homing  
not some moaning  
until they homing  
(repeat from "to the noose" to "to the punches")
