

# Tripod, Hot Girl In The Comic Shop

There was a hot girl in the comic shop  
And I didn't know what to do  
There was a hot girl in the comic shop  
She was looking at Doctor Who.  
There was an actual girl in the comic shop  
What a momentous day  
I had to check to make sure that she wasn't just,  
A human sized cardboard display

My competition was a kid with pimples and a guy in a wheelchair  
And so I knew I had to act fast

There was a hot girl in the comic shop  
where I've never seen a girl before  
A kind of Indy looking girl in the comic shop  
And she knew her way around the store

Oh my Lord she's moving towards the role playing games  
Oh my God she's picking out dice

So many questions in my mind  
What would be a good pick up line  
Why had a hot girl just come in  
If the Hulk fought Spiderman, who would win?

I guess that Spiderman's advantage would be his webs  
And his manual dexterity  
But then again the Hulk's endurance is limitless  
And he' stronger then spidey would be..

He's got the healing factor  
And the proportional strength  
But there's the schizophrenia  
But there's the photography skills

It's so hard to know!

Hot girl!

Hot girl!

There was a hot girl in the comic shop

There was a hot girl in the comic shop  
Did anyone see her go?

Had she come to the comic shop  
Looking for love?  
I guess I'll never know
