## Turbonegro, Destination: Hell

I've packed my bags -And I'm ready to run -From what I've said -And what I've done -I look in the mirror look at my face -Oh god I've got to puke -In disgrace -All right I felt really tall -Like no one could stop me at all -I felt big, bigger than a wiz -But magic tricks can't undo this -Sirhan Sirhan -I wish it wasn't done -I just wanted to have some fun -But now it's too late -I'm ready to leave -I know it's coming tonight -Don't want to decieve you -It won't be all right -Did it once -It's gonna happen twice -Even though I know it isn't nice -Now it's closing me in -It's closing uptight -There's nowhere to run -There's no reason to fight -There's nothing left for me to tell -The future's set -I'm going straight to hell -Sirhan Sirhan -I wish it wasn't done -I just wanted to have some fun -But now it's too late -Destination: HELL! -Destination: HELL! -Destination: HELL! -Destination: HELL! -Destination: HELL! -Destination: HELL! -(Repeat from top) (Dialog) Hello Tulip. -Hi Pumpkin. -Where are you going to? -Who me? Oh, I'm going to hell. -OH, did you do something very heavy though. -Yep, it was pretty heavy. -Destination: HELL! -Destination: HELL! -Destination: HELL! -ALL RIIIIGHT! -
