

# Twilightning, Wounded And Withdrawn

Deep vibration - he shivers while they pray  
Strange emotions - hiding thoughts they never dare to say  
Snake is slithering away to stop his slow decay  
Someone's desperate crying is another one's foreplay  
He's dreaming eyes wide open

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion

Wounded and withdrawn

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion

Rope is tightening - controlling mind and throat  
Image whitening - suffocating the last hope  
The old man's lying, trying to hide his laugh, to keep his cool

Snake is slithering away, escaping from the fools  
He's left their eyes wide open

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion

Wounded and withdrawn

Reflecting strange illusion  
Voodoo's going on and on  
Must have been delusion
