

Twisted Sister, Tonight

(words & music: D. Snider)

Tonight

Are you ready for a hard time, are you ready for the ball to top 'em all
Are you ready for the long ride, are you ready for the rise before a fall
Are you ready for the big game, are you ready for the coup de tat, et al
Are you ready for the long train, are you ready for the final curtain call
Well, we're gonna kill 'em, gonna stomp 'em tonight
Yeah, we're gonna thrill 'em, gonna do 'em up right
Oh, we're gonna take 'em, gonna give 'em a fright
Tonight, tonight, tonight, tonight

CHORUS:

Tonight, tonight, we're gonna lose control
Tonight, tonight, we're gonna have you all
Tonight, tonight, you're gonna beg for more
Tonight, tonight

Tonight

Did you come to see the bad boys, did you come to watch us shake, rattle and roll
Did you come to hear us make noise, did you come to see us put it in the hole
Do you know that it's the right time, do you know that it's the time to lose your mind
Do you know that it's not a crime if you're bending all the rules that you can find
Well, we're gonna break 'em, gonna make 'em tonight
Yeah, we're gonna push 'em, gonna go for the light
Oh, we're gonna stroke 'em, gonna do it all night
Tonight, tonight, tonight, tonight

REPEAT CHORUS

Solo - Eddie

Well, we're gonna kill 'em, gonna stomp 'em tonight
Yeah, we're gonna thrill 'em, gonna do 'em up right
Oh, we're gonna take 'em, gonna give 'em a fright
Tonight, tonight, tonight, tonight

REPEAT CHORUS (twice)

Tonight

Did you come to see the bad boys
