

# Ty Dolla \$ign, Darkside (feat. Kiiara)

Some days I can't get out of my head  
That's just the dark side of me  
Some nights, it's hard for me to fall asleep  
That's just the dark side of me  
If you ever ever call my name, name  
You will find out that we're both the same  
When the lights go out, I need to know  
Are you afraid of the dark?  
I'm not afraid of the dark

I am not afraid, I am not afraid ('fraid)  
Sick of the oppression and all the hate (hate)  
Money and the power, social rank (rank)  
Lot of pride now, not enough loyalty (ooh, yeah)  
Had to change my life for the better things (yeah)  
Had to boss up and overcome adversity (yeah)  
I put my brother in position (position)  
I know some didn't see the vision (see the vision)  
I'm just livin' by tradition  
And I'd die for my respect (respect)  
And I'd die for my Patek ('tek, 'tek)  
You might die for disrespect  
And I'm not afraid ('fraid)  
Last time I checked, I ain't ever been scared of nobody  
I wanna know, when it get real (real)  
Who gon' be out on the front line in the field? (Field)  
Who gon' be there for the good times and the bad?  
I'm already knowin' ain't nobody got my back

Some days I close my eyes and fade away  
(And I fade away)  
That's just the dark side of me  
Some nights all the colors turn to grey  
(Some nights all the colors turn to grey)  
Just like the dark side of me  
I'm not afraid of the dark

I went way beyond anyone's expectations  
Got the 'Rarri turned on just in case we're racin'  
I was already in the third gear by the time niggas hatin'  
Who gon' be in the field for me when I make it?  
Started off in the trenches, how I'ma ever go pop?  
Already on the moon, already with the goons  
Already on shrooms (already on shrooms)  
I'm already on Easter, I'm already as a teacher  
Watch for the throne, I'm like Yeezus  
They tryna clone me, thinkin' I don't see 'em  
They take subliminal shots thinkin' we don't hear 'em  
I'm one-of-a-kind, that's how I'm gon' kill 'em

I've got a human heart  
I've got a human heart  
Are you afraid of the dark?  
The dark (the dark)  
The dark (the dark) the dark  
I've got a human heart  
I've got a human heart  
Are you afraid of the dark? The dark  
The dark (the dark)  
The dark (the dark) the dark

Some days I close my eyes and fade away  
(And I fade away)  
That's just the dark side of me

Some nights all the colors turn to grey  
(Some nights all the colors turn to grey)  
Just like the dark side of me  
I'm not afraid of the dark  
(The dark, the dark, the dark)  
I'm not afraid of the dark  
(The dark, the dark, the dark)  
I'm not afraid of the dark
