

# Ty Herndon, In A New York Second

(Jim Daddario/Greg Barnhill)

She was just a girl runnin from the city  
I was just a farm boy lookin for a good time  
Neither one of us was out to fall in love

She was gettin gas at Thompson Station  
I was buyin parts for the old man's tractor  
When she looked at me, I knew it was more than love  
We talked and she smiled  
And I swear, it about drove me half wild

Love came alive in a New York Second  
Just the way it's meant to be I reckon  
Felt so good, it just keep's gettin  
Better all the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky ain't got no limit  
Every since her sweet love came alive

She was on her way up to Colorado  
Stopped to see a friend down in Beaumont  
It's something how life takes it's twists & turns  
She asked me how to get to the local diner  
I said I'll tell you if you let me join you

She said fine and love began to burn

We laughed and she smiled  
And I swear, it about drove me half wild

Love came alive in a New York Second  
Just the way it's meant to be I reckon  
Felt so good, it just keep's gettin  
Better all the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky ain't got no limit  
Every since her sweet love came alive

Love came alive in a New York Second  
Just the way it's meant to be I reckon  
Felt so good, it just keep's gettin  
Better all the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky ain't got no limit  
Every since her sweet love came alive

Every since her sweet love came alive
