

Tyga, Eyes Closed

Yeah I know how to count it
I can count it with my eyes closed
Yeah I know how to count it
I can count it with my eyes closed

Gotta see you bounce it
So bounce with the lights on
It's you that my eyes on
I can count it with my eyes closed
Yo use I;m in my zone
See you hoe through a blindfold
I;m serious about tripping
My niggas, we know that them rhinestones
U know this shit that I;m on
Getting this money u count it
I can count it with my eyes closed
I can hold it and I know it
