

# Tyler Hilton, If I'm Not Right

Love don't come easy like it use to  
It's hard to get in a modern world  
I struggle everyday just to make it through  
All my life not a single pearl

(Chorus)

If I'm not right  
Baby, it's gotta be wrong  
I'd give my life  
To hold you baby once in my arms

Things will come together like it should be  
And you will notice me someday

When all I can see is the you and me  
I'm waiting for you to look my way

(Chorus)

Things will come together like it should be  
And you will notice me someday  
When all I can see is the you and me  
I'm waiting for you to look my way

(Chorus 2 times)
