Got a problem with the golf ?  
fuck it then pick a spot  
like you're eating lunch  
and its brunch  
we could bring the beef  
and the pots and the pans  
fuck it we could bring a lot  
I just want to know if you can come and suck a dick or not?  
hit her up pick her up  
in the front seat of my two seater vehicle hit the crib grab the cuffs take pictures of her butt  
where's your mouth open up  
I just want to know if you can come and suck a dick or what  
the fuck am I yapping about?  
it don't matter, I'm the one, hun  
T is the sun and you're saturn  
better stop with all of the chit chatter bitch i'm the tongue i go dumb  
like the mental handicaps in the house y'all kiss butt  
like a nap on the couch  
T the shit, I'm the weird little BLAH  
in your mouth you better brush  
like Hova shoulder  
told you boys it never stop  
I just want to know if you gon come and suck a dick or not?
