

Tyrant Tea Club, Touch Me

When the sentences start to fall
down my back theyd like to crawl
I dont care whos wrong or right,
I dont want us here to fight I just wanna make it sure,
I dont want to be your whore

I tried to reach you, tried to touch you,
I tried to reach you

Now we finally have reached
a state that othersd call complete
I dont care whos wrong or right...

I tried to reach you, tried to touch you,
I tried to reach you

ladideidideida...
I dont care whos wrong or right...

I tried to reach you, tried to touch you,
I tried to reach you
