Uh, this is the remix  
Turn up the remix  
Yo, this is the remix  
I don't want nobody  
Turn up the remix  
Yo, this is the remix  
I don't want nobody  
Turn up the remix  
Uh, this is the remix  
I don't want nobody  
Turn up the remix  
Body else but you  
Uh, this is the remix  
I don't want nobody  
Turn up the remix  
Body else but you, baby  
Now as I look around what do I see  
Everybody wants to try to get to know me, baby  
It's my prerogative to do what I wanna do  
And I couldn't see myself  
With no one but you, baby  
[1] - I don't want nobody, body else but you  
I don't want nobody, body else but you, baby  
I don't want nobody, body else but you  
I don't want nobody, body else but you, baby  
Now I see ya just can't handle, handle my lifestyle  
You say I'm too damn crazy  
You say I'm too damn wild  
Ya gotta understand, this is just the way I live  
Baby, what you see is exactly what you get, no no  
[Repeat 1]  
I know the situation's shady, you have to understand  
You know that I'm the man, baby  
And I feel you're 'bout to drive me crazy  
You're acting insecure  
When all I want is you, baby  
I don't want nobody  
I don't want nobody  
(I'll be on my way)  
Turn up the remix  
I don't want nobody  
This is the remix  
I don't want nobody  
Turn up the remix  
[Repeat 1]  
I don't want nobody  
Something about the way you make me feel baby, whoababy  
I don't want nobody, body else but you  
(Don't think twice, cuz)  
I don't want nobody  
(But you baby)  
I don't want nobody  
(Can you feel me now)  
I don't want nobody  
(Bring it on, bring it on, oh)  
I don't want nobody  
(It's only you mommy)  
I don't want nobody  
oh, oh no, no, no, no, no, no
