

Tyrese, One

The One

Tyrese

Let me start by sayin' that you're the one
'Cause this is the first time I felt like this plain as day (ohh)
You're the only number that I dial (from other chicks)
You're the only sex I'm gettin' now (ain't that a trip)
But it don't matter (cause' you're in it)
And it don't matter (but then I get it)
'Cause you're the only one

(1)

Imma be good with just one girl

One girl

That's all I need

Imma be straight with just one crib And two whips

'Cause I'm grown and that's all that I need

Is the one ghetto girl that makes my baby squeeze

One ghetto girl I'm shakin' all of my chicks

That's why I'm down on one knee with one ring

Baby all I need is one

Ain't nothing gonna stop me from lovin' you

And wifing you

Spendin' all my life with you

Baby

I'm so committed

This one is one I'm with it

It's so damn good

All the sex you want without no hat (imagine that)

Got a real nigga thats gon' have your back (imagine that)

That's just the way it is

And that's just how it's gon' go

And you gon' be that one

(1-repeat)

Girl I ain't gonna front about it down and tell the truth about it (way gone)

Way gone

Ain't nothin' I wont give up just to make you that one

Baby that one girl

One step

One breath

One love

One name

So it's one me

One ring

One church

And one preacher

One choir

Two little words

(1-repeat)

Just one

One girl

One girl

Baby all I need is one (all i need is one)

One girl (one)

One girl (baby your the one)

Baby all I need is one

One me

One ring

One church
