

# U2, Holy Joe

I...  
I'm a humble guy  
No, really I try  
Though it's hard sometimes  
True...  
I'm hard working too  
Working it up to get to see you  
Shame, shame  
Make shampoo  
Come on, come on  
Come on, come on  
Be good to me  
Come on, come on  
Come on, come on  
Be good to me  
Here it comes  
Here it comes  
Holy joe  
Please...  
Don't make me say please  
Champagne and ice cream  
It's not what I want, it's what I need  
Precocious  
Just a little precocious  
Expialadocious  
Yeah, yeah, yeah  
Devotion  
And some appreciation  
Little heavy rotation  
Looks good on me  
You know it's not hard  
If you think of a lot harder, oh, yeah  
Just wanted a moment  
To last a little longer, oh, yeah  
Come on, come on  
Come on, come on  
Be good to me  
Come on, come on  
Come on, come on  
Be good to me  
Here it comes  
Here it comes  
Holy joe  
(having the best time of anybody's life)  
(closer than ever to everybody's wife)  
Come on, come on  
Come on, come on  
Be good to me  
Come on, come on  
Come on, come on  
Be good to me  
Come on, come on  
Come on, come on  
Be good to me  
Come on, come on  
Come on, come on, come on, come on  
Be good  
Here it comes  
Here it comes  
Holy joe
