

# Ultraspank, Where

There  
Somewhere out there is a better day  
Somewhere out there has to be  
better than today hopes to be  
Anyway

To be a part of anything  
Shows me what i've missed  
To be a part of all the answers...  
my wish.

Stand there before me  
With your emptiness, emptiness  
So true to form  
So true to all i've missed from you

To be a part of anything  
Shows me what i've missed  
To be a part of all the answers....  
my wish.

I've run from you before  
and closed this door

To be a part of anything  
Shows me what i've missed  
To be a part of all the answers...  
my wish.

I'll miss you anyway...  
and i'll... miss you anyway.
