Undead, Nightmare

(Blanck)

I saw it in their faces
I read it in the magazines
People lost and shattered
Stranded in the dark
It only happens to the ones
Who got little to begin with
I can't understand it, I never will
Annihilation without a cause
Houses turned to rubble
Streets struck down without a care
Schools and cathedrals
Erased with frightening ease
It only happens to the ones
Who got little to begin with
I can't understand it, I never will
Annihilation without a cause
With speed all these disasters
Allow nobody to escape
Victims without weapons
Are always easy prey
It only happens to the ones
Who got little to begin with
I can't understand it, I never will
Annihilation without a cause
So tell me is this justice
Do some get fat without a care
Save your god and f**k your laws
We're running out of graves
It only happens to the ones
Who got little to begin with
I can't understand it, I never will
Annihilation without a cause
