

Unleashed, Only The Dead

Only the dead
You mopen wide and prepare to receive
A hunger sex unseen
You crave hard penetration
And order me to come deep
You'd be all right just to suck me dry
But you can beg and plead...
I only fuck the dead
I only fuck the dead
Only the dead
This ain't no game, it's about life & death
To satisfy you needs
You demand a sensation
And crave my anal feed
You'd be all right with just a "golden rain";
But you can beg and plead...
I only fuck the dead
I only fuck the dead
Only the dead
