

Unleashed, To Miklag?rd

From Birka the norsemen set sail
Across the wide open Baltic sea
At Lagoda and Novgorod they settled
Slaves and fur they would trade for silver and silk
Forward to Miklagrd
Forward to Miklagrd
On the Dnjepr, they struggled to pass Aifur
Around Kiev, tribes and folk were gathered
And the new master's name was the infamous Rus!
Two thousand ships that sailed the Black sea...
