Until Death Overtakes Me, Slip Away

Where will i tomorrow be When no longer here

No longer here... no more dreams... Slip away Here, the rain...so empty

They are not here...not here anymore And i drown in desolate waves...desolate waves Of bottomless black seas...alone...alone Slip away...alone...alone Slip away...away...away

Here the cold...alone forever Soon will be gone No more dreams...no longer here

Soon will be gone...soon...soon
