

# Uriah Heep, Angels Walk With You

I only know what I'm feeling  
Do you know it's true  
'Cos I've searched for you  
'Cos I believe in you

Why do we walk in shadows  
While this world falls apart  
'Cos I'd die for you  
'Cos I know angels walk with you

In my hands I hold nothing  
The more I have the less I use  
If I'd gone down that road forever  
I would not have found you

And a new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you

If we sit and do nothing  
Will the light surely fade?  
Can I trust in you forever?  
If you show me the way

And a new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you  
Yeah, walk with you, with you  
Yeah, walk with you  
'Cos I'd die for you  
'Cos I know angels walk with you

And a new world with a new morning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
A new life with a real meaning  
A new sunrise on a brand new day  
'Cos angels walk with you
