

Uriah Heep, Spirit Of Freedom (Realising The New World)

I know instinctively when something is right
With no one there to save me you came into my life
The words you whispered still echo in my mind
Forget about tomorrow forget about time
So good to be alive and touch the spirit of freedom - in your soul
So good to breathe the air and feel that life is worth living
There's no time to waste in this life there's no time at all
So good to see the truth and touch the spirit of freedom
I never thought that I could ever feel this way
To see the warmest sunlight on a cold and rainy day
Dawn wakes the silence and I know that I can't wait
To hear the words I wanna say again and again
So good to be alive and touch the spirit of freedom in your soul
So good to breathe the air and feel that life is worth living
There's no time to waste in this life there's no time at all
There's no time to waste in this life there's no time at all
So good to be alive and touch the spirit of freedom in your soul
So good to breathe the air and feel that life is worth living
There's no time to waste in this life there's no time at all
So good to see the truth and touch the spirit of freedom in your soul
