

# Used Cars, Land Of Rock

(S. Dentone)

Co-arranged with Big Boss Band

Well I wanna be in Nashville  
In the home of white culture  
In the home of country

Well I wanna be in Chicago  
In a little sweet home  
I wanna sing with black men

CHORUS:

Well I want to get rolled  
In the land of rock

Well I wanna be in New Orleans  
On the banks of Mississippi  
In the home of jazz

Well I wanna be in 'Bama  
In the heart of Dixie  
Singin' with the Swampers

CHORUS

Tomorrow mornin' I'll leave my home  
With my guitar and my shitkickers on  
Yeah you won't make me change my mind  
And I won't sleep 'cause I'll be waiting for tomorrow to come  
The time has come, I feel strong enough  
To face the troubles and whatever will come  
I made my choice and to hell I'll go  
Breakin' its doors singin' out some rock and roll

Well I wanna be in Memphis  
In the home of blues  
At the home of Elvis  
Through the Gate of Music  
On the Grace Boulevard  
In the cradle of the rhythm  
Where my music was born
