

Utada Hikaru, Devil Inside

Everybody wants me to be their angel
Everybody wants something they can cradle

Ooooooohh

They don't know I burn
They don't know I burn
They don't know I burn
They don't know I burn

Maybe there's a Devil (or something like it)
Inside
Maybe there's a Devil (or something like it)
Inside of me

Devil (or something like it)
Inside
Maybe there's a devil
Somewhere really deep inside me

Devil ... inside of me
Jealous angel ... deep inside me

You don't know 'cause you're too busy reading labels
You're missing all the action underneath my table

I'm waiting for my turn
I'm waiting for my turn
Just waiting for my turn
Just waiting for my turn

Maybe there's a devil (or something like it)
Inside
Maybe there's a devil (or something like it)
Inside of me

Devil (or something like it) inside
Maybe there's a
Devil somewhere really deep inside me

Devil ... inside of me
Jealous angel deep inside me

Ooooooohoooooohooooo

Time they make it burn
This is how I burn

Maybe there's a Devil (or something like it)
Inside
Maybe there's a Devil (or something like it)
Inside of me

Devil (or something like it) inside
Maybe there's a devil
Somewhere really deep inside me

Devil ... inside of me
Jealous angel ... deep inside me
