

# Utopia, Heavy Metal Kids

It's like a normal times square day on 42nd street  
I feel like trashing some windows and crunching some feet  
I watch society crumble and I just laugh (hee hee)  
They soon will see what it's like to be the other half

But I'm trying  
Said I'm trying to forget  
And it ain't happened yet

I musta woke up this morning with a bug up my ass  
I think I'll just haul off and belt the next jerk that I pass  
My old man says I'm just a stoned little punk  
But he keeps himself a pistol and he's always drunk

I know  
Something's gonna give

Pretty soon  
I know it  
Something's gonna give  
I wanna live  
I wanna mess thing whole world around  
Go on and poison all the water, use up all the air  
Blow your stupid heads off, see if I could care  
Put me down but don't blame me for what you did  
'cause inside everyone is a heavy metal kid

I was a sweet little kid once  
Now I'm a full grown crank  
And when I die I'll probably come back as a sherman tank  
I know that I could make this world so peaceful and calm  
If I could only get my hands on a hydrogen bomb
