

Vampire Weekend, Cousins

You found a sweater on the ocean floor
They gonna find it if you didn't close the door.
You and the smile sit outside the side-
In a house on a street they wouldn't park on the night.

Dad was a risk taker.
His was a shoe maker.
You greatest hits 2006... and a list maker.

Caught in the melody
You eat it, or
You were born with ten fingers and-
You're going to use them all.

Me and my cousins,
and
You and your cousins
It's a line that is always running
Me and my cousins
You and your cousins
I can feel it coming
