

# Vampire Weekend, Unbelievers

Got a little soul  
The world is a cold, cold place to be  
Want a little warmth  
But who's going to save a little warmth for me  
We know the fire awaits unbelievers  
All of the sinners the same  
Girl you and I will die unbelievers bound to the tracks of the train

See the snow come down  
It's coming on down from the highest peak  
Want a little leaf, but who's going to save a little leaf for me  
We know the fire awaits unbelievers  
All of the sinners the same  
Girl you and I will die unbelievers bound to the tracks of the train

I'm not excited  
But should I be  
Is this the fate that half of the world has planned for me?  
I know I love you  
And you love the sea  
Wonder if the water contains a little drop little drop for me

See the sun go down  
It's going on down when the night is deep  
Want a little light but who's going to save a little light for me?  
We know the fire awaits unbelievers  
All of the sinners the same  
Girl you and I will die unbelievers bound to the tracks of the train

If I'm born again I know that the world will disagree  
Want a little grace but who's going to say a little grace for me?

We know the fire awaits unbelievers  
All of the sinners the same  
Girl you and I will die unbelievers bound to the tracks of the train

I'm not excited  
But should I be  
Is this the fate that half of the world has planned for me?  
I know I love you  
And you love the sea  
Wonder if the water contains a little drop little drop for me

I'm not excited  
But should I be  
Is this the fate that half of the world has planned for me?  
I know I love you  
And you love the sea  
Wonder if the water contains a little drop little drop for me
