Vanessa Paradis, La La La Song

La la la song There is no substitution For the way I feel Didn't know this could be real Don't want no explanation For what is on my mind Cause I'm doing fine If it's a dream then let me sleep Only wake me when you're in my arms again I've been waiting for a while Now you gave me the reason why I was holding on singing lalala If it's an illusion let it flow Right or wrong I don't wanna know Keep it coming baby lalala Don't need no complications You can not conseal What the heart reveals How ever long it's gonna last And where it goes If a fortune teller says I don't even need to know I've been waiting for a while Now you gave me the reason why I was holding on singing lalala If it's an illusion let it flow Right or wrong I don't wanna know Keep it coming baby lalala The principle of love is that When you get enough Then you can give it back If it's a dream then let me sleep Only wake me when you're in my arms again I've been waiting for a while Now you gave me the reason why I was holding on singing lalala If it's an illusion let it flow Right or wrong I don't wanna know Keep it coming baby lalala Paroles de Gerry Deveaux Musique de Vanessa Parad
