

Vanilla Ice, Hate

All I see is hate can't understand why
And now it's like the whole wide world got me hypnotized
On a hex for generation X what's next
the mutated breeding of Tyranosaurus Rex
Through DNA testing I really condone
The right to clone, why don't you just leave it alone?
Smoke some homegrown get up in this zone
Amplify your mind while you're puffin on a bone
One hit then I see right through the bullshit
Media blitz, got people loading their clips
Spreading the hate now your sealing your fate
Take a look up in the mirror and face what you create

Chorus:

All I see is hate

F**k you what you want to do huh?

All I see is hate
F**k me, well f**k you too

All I see is hate
Psycho-fanatic your mind is an addict

All is see is hate

Don't give a f**k why cause I've had it

Black Sunday on the day I hate breed

Jesus paid and now we're all gonna bleed

Dirty deeds and thier done dirt cheap

Now they creep throught the streets

From Miami to LA, New York and back
While you weep in your sleep

It's like a pimp slap from a burn on crack

And then you got jacked like Lindros on his back

In fact you lack your intelligence is wack

Stop teh hate, it aint to late

Th devil's take your soul unless you step up to the plate

Spreading the hate, now you're sealing your fate

Take a look up in the mirror and face what you create

Chorus:

All I see is hate
F**k you what you want to do huh?

All I see is hate

F**k me, well f**k you too

All I see is hate

All is see is hate
Psycho-fanatic your mind is an addict

Don't give a f**k why cause I've had it

My path lies beneath your eyes

My path lies beneath your eyes

My path lies beneath your eyes

My path lies beneath your eyes

Chorus:

All I see is hate

F**k you what you want to do huh?

All I see is hate

F**k me, well f**k you too
All I see is hate
Psycho-fanatic your mind is an addict

All is see is hate

All I see is hate
Don't give a f**k why cause I've had it

F**k you what you want to do huh?

All I see is hate

F**k me, well f**k you too

All I see is hate
Psycho-fanatic your mind is an addict

All is see is hate

Don't give a f**k why cause I've had it
