

Vanilla Ninja, Gotta get it right

I remember well
I had times like hell
But found simply no
Escape

Broken and depressed
I just missed all the best
My heart felt out
Of shape

Gotta get it right
Gotta gotta get it right

Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight
Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight

Cos I felt I simply must
Let all my tears turn to dust
Gotta get it right
Gonna make me fight
Gotta get it – gotta get it right tonight

Nearly lost my face
In so many ways
And I tried to keep
Control

I just stayed alone
Did it all by my own
To crumble down the wall

Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight
Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight

Cos I felt I simply must
Let all my tears turn to dust
Gotta get it right
Gonna make me fight
Gotta get it – gotta get it right tonight

Life turned
My heart learned
I can reach the sky
Crash the gates
Find the fates
Where heaven waits
Where heaven waits

Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight

Gotta get it right
Gonna make me fight
Gotta get it - gotta get it right
Tonight

Cos I felt I simply must
Let all my tears turn to dust
Gotta get it right
Gonna make me fight
Gotta get it – gotta get it right tonight

Gotta get it right
Gotta gotta get it right
