

Varsity Fanclub, Like I Always Do

Ohhh

You gave me a reason
Told me that I'd always be yours
You are my desire
My heart is so on fire for you
I can't stop loving you, loving you oh no
Cuz I don't wanna end up in your rear view
Wanna be someone you can turn to
Baby, I never wanna lose you
No, there's nothing I won't do
So I'll watch you like a movie
I'll sing you like a song
Read you like a story,
If it takes me all night long
Keep you like a secret
Tell you like a joke
It's true, it's true
That I'll love you like I always do
(Love you like I always do)
(Love you like, like, like)
You are so amazing
You stepped in and saved my life
Every time we are together
My time is yours forever
My world is all yours, all yours
I don't wanna end up in your rear view
Wanna be someone you can turn to
Baby, I never wanna lose you
No, there's nothing I wont do
So I'll watch you like a movie
I'll sing you like a song
Read you like a story,
If it takes me all night long
Keep you like a secret
I'll tell you like a joke
It's true, it's true
That I'll love you like I always do
Hey, hey, yeah
Baby I'll never leave,
No I'll never leave you
Yeah Yeah
So I'll watch you like a movie
I'll sing you like a song
Read you like a story,
If it takes me all night long
(If it takes all night long)
Keep you like a secret
I'll tell you like a joke
It's true, it's true
That I'll love you like I always do
Said I'm gonna love you, yeah
Oh, I'm gonna love you
Said I'm gonna love you
Yeah, I'ma love you like I always do
Yeah, Yeah
I'm gonna love you,
Love you like I always do
