

Veda Hille, Bedlam!

There is this place
(I have this place)
I get these wild feelings
I get these (wild feelings
And it's the same)
It's always the same
(I get these wild feelings
I feel wild, baby
And it's waiting)
Waiting for me
But if you do nothing it means nothing
If you do nothing it means... nothing
(You make it your life)
Your wild life
Feel wild, baby
Well, let me
Be wild baby, come on
Come with me on this
Cause if you do nothing it means nothing
If you do nothing it means...
(That if you do nothing it is nothing)
And all of those wild, wild feelings
Go to waste
Regrets, I've had a few
But, then again:
Too few to mention
