

Velvet Acid Christ, Crawl

Hopeless dead wretched failing
never escaping never escaping
Hopeless dead wretched failing
Never escaping never escaping

Beg for your life pray for your life
Beg for your life into the light
Into the light you were right
Into the light Save my life

Crawl to your destination
Crawl to obliteration
Crawl in your desperation
Crawl to annihilation

Hopeless dead wretched failing
Never escaping never escaping
Hopeless dead wretched failing
Never escaping never escaping

Beg for your life pray for your life
Into the light into the light
Crawl to your destination
Crawl to obliteration
Crawl in your desperation
Crawl to annihilation
