

# Velvet Chain, Come To Me

Words and music: jeff stacy

Won't you come see me now, my love  
Are you thinking of me  
And how easy it could be  
Won't you come over to me now  
We could be together  
Will you stay away  
Will you stay away forever  
I haven't seen you for so long  
If there's something wrong  
Come to me

I am thinking of you now  
Close my eyes and you are here  
Drifting through me  
Like a gentle breeze weaving all around me  
Like a fog caressing the ocean  
Thoughts of you roll over me  
I haven't seen you for so long  
Come to me...

I know it's not over, this is just a passing phase  
I know you're thinking of me too  
You know what you've been missing  
And I've been waiting just for you  
I'm on fire but you're not here with me

Everything about it  
Makes no sense to me

You're afraid of coming over  
You're afraid that you love me  
Did you stay away because you do  
Even if I loved you too  
Everything will be all right  
I haven't seen you for so long  
Come to me... come to me

Come to me when you're feeling alone  
And you're unhappy  
When everything is wrong  
And you are longing for me again  
Please don't be afraid, it's all okay, I'm waiting for you  
You can come to me - you can come to me  
I don't wanna see nobody else  
Come to me  
You can come to me

If you thought I . . .  
Was in danger . . .  
Would you come and rescue me?

Come to me...
