Vennaskond, Anarchy

Open up Your Personal sense, Therere no musts And oughts For you.

Only so you Can see difference What is bad And What is good.

Thats the on-Ly Just enactment What is in Your blood And bones.

Just one order, Just one judgement. You have to Be On your own.

Those who have The Jurisdiction, Shape your run And get You down,

Will eat up their Interdiction Finally And Tire down.

We believe in Anarchy.
