

# Veronica Glapa, Stay on the top

I gotta tell you baby everythin  
Even when its gonna sound aint re-al  
Really have to be honestly  
Your blond hair drives me wild  
First time I had even seein your face  
Your eyes seemed so bright , at all to love it  
Oh Gosh I fall in love  
Wait  
This feel is not so wrong  
Stay on the top  
Stay on the top  
Stay on the top  
And take my hand  
Stay on the top  
Stay on the top  
Stay on the top  
And finally bring hope in us  
Funny  
How I called you mister laughter  
Funny  
How you pretented to be my confident  
Dont have to change yourself  
You and me and nothing else  
For you Im already to do every freakies  
For you I Become every little thinking  
Dont make me wait all night long  
Just take my hand  
Stay on the top  
Stay on the top  
Stay on the top  
Stay on the top  
And take my hand  
Stay on the top  
Stay on the top  
Stay on the top  
And finally bring hope in us  
Just wanna make me wonder  
How our love is our flowin  
I Need you here  
So come to me  
I wonder how you look like  
I need to hear your voice now  
Stay on the top  
Stay on the top  
Stay on the top  
And take my hand  
Stay on the top  
Stay on the top  
Stay on the top  
And finally bring hope in us
