

# Victoria Monét, Better Days (Feat. Ariana Grande)

Baby, there's a war right outside our window  
Don't you hear the people fighting for their lives?  
Baby, there's a war right outside our window  
But it's going be alright as long as I got you with me

In your arms, I find my shelter  
Deep in your love I will hide  
Baby, you and me stop the world when we're together  
You'll find a way to take my mind

Hoping for better days, better days  
Days when things were better  
Hoping for better days, better days  
Need some better days  
Hoping for better days, better days  
Days when things were better  
Hoping for better days, better days  
Need some better days

I can hear the sirens right outside our window  
And I can hear the children crying while their mothers cry  
I'm praying for the people right outside our window  
Hoping they find peace at night, just like you and me

In your arms, I find my shelter  
Deep in your love I will hide  
Baby, you and me stop the world when we're together  
You'll find a way to take my mind

Hoping for better days, better days  
Days when things were better  
Hoping for better days, better days  
Need some better days  
Hoping for better days, better days  
Days when things were better  
Hoping for better days, better days  
Need some better days

So how we gonna stop the violence?  
Stop the hurting?  
Stop the hatred, stop the murder  
We're all human - that's for certain  
Come together - we deserve it  
What kind of life will our babies have  
If we don't change up and make it last?  
It starts right here, starts right now  
We'll love and hope for

Hoping for better days, better days  
Days where things were better  
Hoping for better days, better days  
Good ole better days  
Hoping for better days, better days  
Days when things were better  
Hoping for better days, better days  
Good ole better days

Better days, better
