

Ville Valo, Neon Noir (VV)

Hear the sigh from the deep
Kissed by desire, my sick rose in bloom for
You
Love eternal, a waltzing wound
To the ends of the earth and beyond, I must follow you
Come love me numb
Come love me 'til it hurts
Dance the neon noir with me
Come love me
My sunfall doomfire burn
A flashdance macabre to love's soliloquy
Come love me 'til it hurts
Here lies a heart that feels
Touched by fire, howling at the moon for you
Caught in dusk, heartstrings out of tune
From the abyss pirouette my way back to you
Come love me numb
Come love me 'til it hurts
Dance the neon noir with me
Come love me
My sunfall doomfire burn
A flashdance macabre to love's soliloquy
Come love me 'til it hurts
Here lies a heart that feels
Touched by fire, howling at the moon for you
Caught in dusk, heartstrings out of tune
From the abyss pirouette my way back to you
Come love me numb
Come love me till it hurts
Dance the neon noir with me
Come love me
My sunfall doomfire burn
A flashdance macabre to love's soliloquy
Come love me (Come love me, Come love me)
Trap me in amber with you
In the moment fell in love with you
Trap me in amber with you forever
This is the moment (We're falling in love)
Here come the broken
Come love me (Come love me)
Come love me numb (Come love me numb)
Come love me 'til it hurts
Dance the neon noir with me
Come love me
My sunfall doomfire burn
A flashdance macabre to love's soliloquy
Come love me (Come love me numb)
Come love me 'til it hurts
Dance the neon noir with me
Come love me
My sunfall doomfire burn
A flashdance macabre, a boy can dream
Come love me 'til it hurts
