

# VINCE GILL, Time To Carry On

Painted as a victim  
He said you caused it all  
Lying to convince them  
So you would take the fall

You walked out on nothin'  
Hoping for some peace of mind

[Chorus:]  
The pain is almost over  
The hurt is nearly gone  
No more looking over your shoulder  
It's time to carry on

Scars won't last forever  
The truth will take their place  
Angry words will be forgotten  
Contempt will fade away

The promise of tomorrow  
It will always remain

[Chorus]

It's time to carry on
