Vince Neil, One Way

Put my mind at rest
Do what you want to do
Wouldn't be the first time that you ever did
Given it away
Do what you want to do
Ya ya

All the words you shit
Say what you want to say
It could be the last time you ever will
Kick in my face
Say what you want to say
Ya ya

(chorus)
You can tell by the words that this ain't no love song
Kiss the dirt and walk away
It's only one way

What's inside your head
Gets inside my skin
Always doin' what you want to do
Makes me want to say
Screw what you want to screw
Ya ya

(chorus)(chorus)
