

# Visionatica, She Wolf

Deep in her soul  
there is a raging beast  
that grows

And at night  
she is so hypnotized  
by the Moon

He whispers  
some magic words  
they bring it to awake

He is the magnet  
that takes her to the  
forbidden dark forests

(Chorus)  
She's bonded with a pack of wolves  
and they call her she wolf  
together in the wilderness the brotherhood  
of the Moon awakes  
They will fight against their enemy  
He destroys the treasures of the woods  
but the force in Her is dangerous  
lycanthropes live in that secret world

Werewolves  
awake in the night  
out in the woods

And their howl  
is the challenge  
of a fight

It's not a Game of Force  
they have to advocate

And when the Moon shines red  
her human body turns into a wolf

(Chorus)  
She's bonded with a pack of wolves  
and they call her she wolf  
together in the wilderness the brotherhood  
of the Moon awakes  
They will fight against their enemy  
He destroys the treasures of the woods  
but the force in Her is dangerous  
lycanthropes live in that secret world.
