

# Voices, Ocean Of Life

(M. Spohn, R. Peinelt, A. Torkler)

(from the album "InFormation", 1995)

we follow the sun and hide in the shadow  
of the sails that flutter untamed in the wind  
we let us float wherever it may lead us to  
no special destination  
we don't care about any serious things  
we are sailing sailing the ocean of life  
we are riding the waves and we never look back  
we are heading forward with the wind  
and we never return to places we've already seen  
we want to come around  
and without any fears of getting lost  
we are sailing right into the distance on the ocean of life  
when the sun goes down and the day is done  
we will be watching the stars and fall asleep  
and continue our journey in dreams on the ocean of life
