

# Walk The Moon, One Foot

Not a soul up ahead and nothing behind  
there's a desert in my blood and a storm in your eyes  
AM I the king of nothing at all  
And you're the queen of nothing at all  
but I remember the fight and I forget the pain  
I got my hand in your pocket and my key in your chain  
and I the king of nothing at all?  
and you're the queen of nothing

through the wilderness  
you and I Will into the emptiness  
and my heart is a mess  
is it the only defense against yhe wilderness?

well cross my heart and hope to die  
taking this one step at a time  
I got you back if you got mine  
one foot in front of the other  
one foot in front of the other  
one foot in front of the other

one foot in front of the other  
all that we have is each other  
one foot in front of the other

not a soul in the road  
not a star in the sky  
it's a desert in my mind  
and nowhere to hide  
I'm your king of nothing at all  
well, out here in the dust if you don't have trust  
ain;t nothing left of us, this is the exodus  
they're just testing us, they can't flex with us  
they're just testing us  
they can't flex with us  
they can't mess with us /2x

through the wilderness  
you and I Will into the emptiness  
and my heart is a mess  
is it the only defense against yhe wilderness?

well cross my heart and hope to die  
taking this one step at a time  
I got you back if you got mine  
one foot in front of the other  
one foot in front of the other  
one foot in front of the other

one foot in front of the other  
all that we have is each other  
one foot in front of the other
