Walk The Moon, One Foot

Not a soul up ahead and nothing behind there's a desert in my blood and a storm in your eyes AM I the king of nothing at all And you're the queen of nothing at all but I remember the fight and I forget the pain I got my hand in your pocket and my key in your chain and I the king of nothing at all? and you're the queen of nothing

through the wilderness you and I Will into the emptiness and my heart is a mess is it the only defense against yhe wilderness?

well cross my heart and hope to die taking this one step at a time I got you back if you got mine one foot in front of the other one foot in front of the other one foot in front of the other

one foot in front of the other all that we have is each other one foot in front of the other

not a soul in the road
not a star in the sky
it's a desert in my mind
and nowhere to hide
I'm your king of nothing at all
well, out here in the dust if you don't have trust
ain;t nothing left of us, this is the exodus
they're just testing us, they can't flex with us
they can't flex with us
they can't mess with us /2x

through the wilderness you and I Will into the emptiness and my heart is a mess is it the only defense against yhe wilderness?

well cross my heart and hope to die taking this one step at a time I got you back if you got mine one foot in front of the other one foot in front of the other one foot in front of the other

one foot in front of the other all that we have is each other one foot in front of the other
